DAEJINK**Kostal** CO., LTD.

No.1

Shredder Company in Korea

“Made in Korea”

“Made for customers”

“Made by highly-qualified specialists”

DAEJIN KOSTAL was founded in 1974

DAEJIN KOSTAL has been providing our customers with International Technology for more than 40 years. Now, we have 80% of the market share for paper shredders in Korea. Today we manufacture and market more than 100 different models of paper shredders, HD shredders and other shredders.

We supply qualified shredders to more than 40 countries.

DAEJIN KOSTAL shredders are the security investment for tomorrow that is available today.

WORLD BEST TECHNOLOGY 150 of Patents, Utility & Design

Super Cleaning Cutter (patent : 10-1727212 / 10-0986620)

The life of any shredder is dependent upon the durability of the cutter. The KOSTAL cutter is made of special steel that has been heat-treated to a very high specification and specially ground to ensure longevity.

Self Diagnosis System (patent : 10-0560339)

The usage of KOSTAL shredders such as operation time, number of auto-reverse, bin full and soon are recorded in the main IC and can be displayed for the AS Service and maintenance.

Auto Recovery of Optical Sensor (patent : 10-1703884)

KOSTAL shredders are equipped with the auto optical sensor recovery function in case that the optical sensor loses its sensitivity.
